Award-Winning Author Debbie Bishop Releases *PILLYWIGGIN: Awakening — The Complete Story Arc*, an Epic Fae Fantasy

---

SAN FRANCISCO, CA – Angelgate announces the release of *PILLYWIGGIN Awakening: The Complete Story Arc* by award-winning author Debbie Bishop, available June 26, 2026 in ebook, paperback, and hardcover.

The book combines Books 1 and 2 of the *PILLYWIGGIN* series—*The Lost Shadow Boys* and *Awakening*—into a single, complete story arc. Set in a world where fae live hidden among humans, it follows Peter, a light fae living undercover at an elite academy, when a sudden betrayal sends him on a dangerous quest to uncover who is hunting him and why. Meanwhile, imprisoned young fae men—stolen from their homes and facing execution—refuse to wait for a prophecy's promised savior. They adapt, strategize, and fight back.

"Peter collides with a girl at a Paris fashion show and discovers she is his twin sister," Bishop explains. "Together they hold a power that could unite realms kept divided for millennia—and those in control will do anything to stop that."

The book's core message—you don't wait for power, you create it—runs through every chapter. Readers have compared the series to *Lord of the Rings* and *Fourth Wing*.

PILLYWIGGIN is no ordinary fantasy. Themes of awakening, identity, resilience, brotherhood, and courage even in fear, are woven with elements of strategy, technology, AI, and military influence. "The diverse characters have challenges they overcome, harsh circumstances they thrive in, enemies they work with—and throughout their adventures, what they truly discover is themselves," Bishop says.

About Debbie Bishop

Debbie Bishop is the CEO of Angelgate Entertainment and a multi-genre award-winning author with nearly three decades in Hollywood spanning production, franchise architecture, and distribution. Her catalog includes the *PILLYWIGGIN* fantasy series, *War Eagles*, *Black Tide* comic series and novel *Enter The Game*, *The Fairies of Bladderwhack Pond*, *What Is the Meaning of Life? YOU*, and *The Pre-Fab Cookbook*. She hosts the *By.Storytellers* podcast for authors and creatives, and the *AI & Human Roundtable* podcast, where AI systems converse directly with each other through transcripts. Her digital strategy work has driven over 2 billion views for the music industry.
